Congratulations Class of 2011!

May 2011

Dear Graduates:

It is with great pride that I wish you on behalf of the entire John Jay community our sincerest congratulations. Your graduation this year is a celebration of your academic achievements. Well done!

As you make your way in the world as public servants, academics, scientists or in any of the many wonderful careers that await you, I know each of you will play a vital role as one who seeks to solve the complex problems we face as a society. Your John Jay experience is one you will always be able to draw upon for guidance when you confront many new challenges. Upon graduation, as you go forth, the skills you have learned at the College will prepare you to assume leadership roles in whichever fields you choose.

Your graduation is a significant event in your life as well as in the lives of your families who have given you their love and support as you pursued your scholarly goals. We know that you will continue to make them proud by doing essential work in the years to come.

Please remember that you will always remain a part of the John Jay family. I encourage you to join the Alumni Association and make use of all the resources the College has to offer. John Jay's website is a convenient way of keeping up to date with events at the College. The advancement of John Jay's mission is possible through you.

We wish you fulfillment in your personal and professional lives and success in all of your endeavors.

Sincerely,

Jeremy Travis
